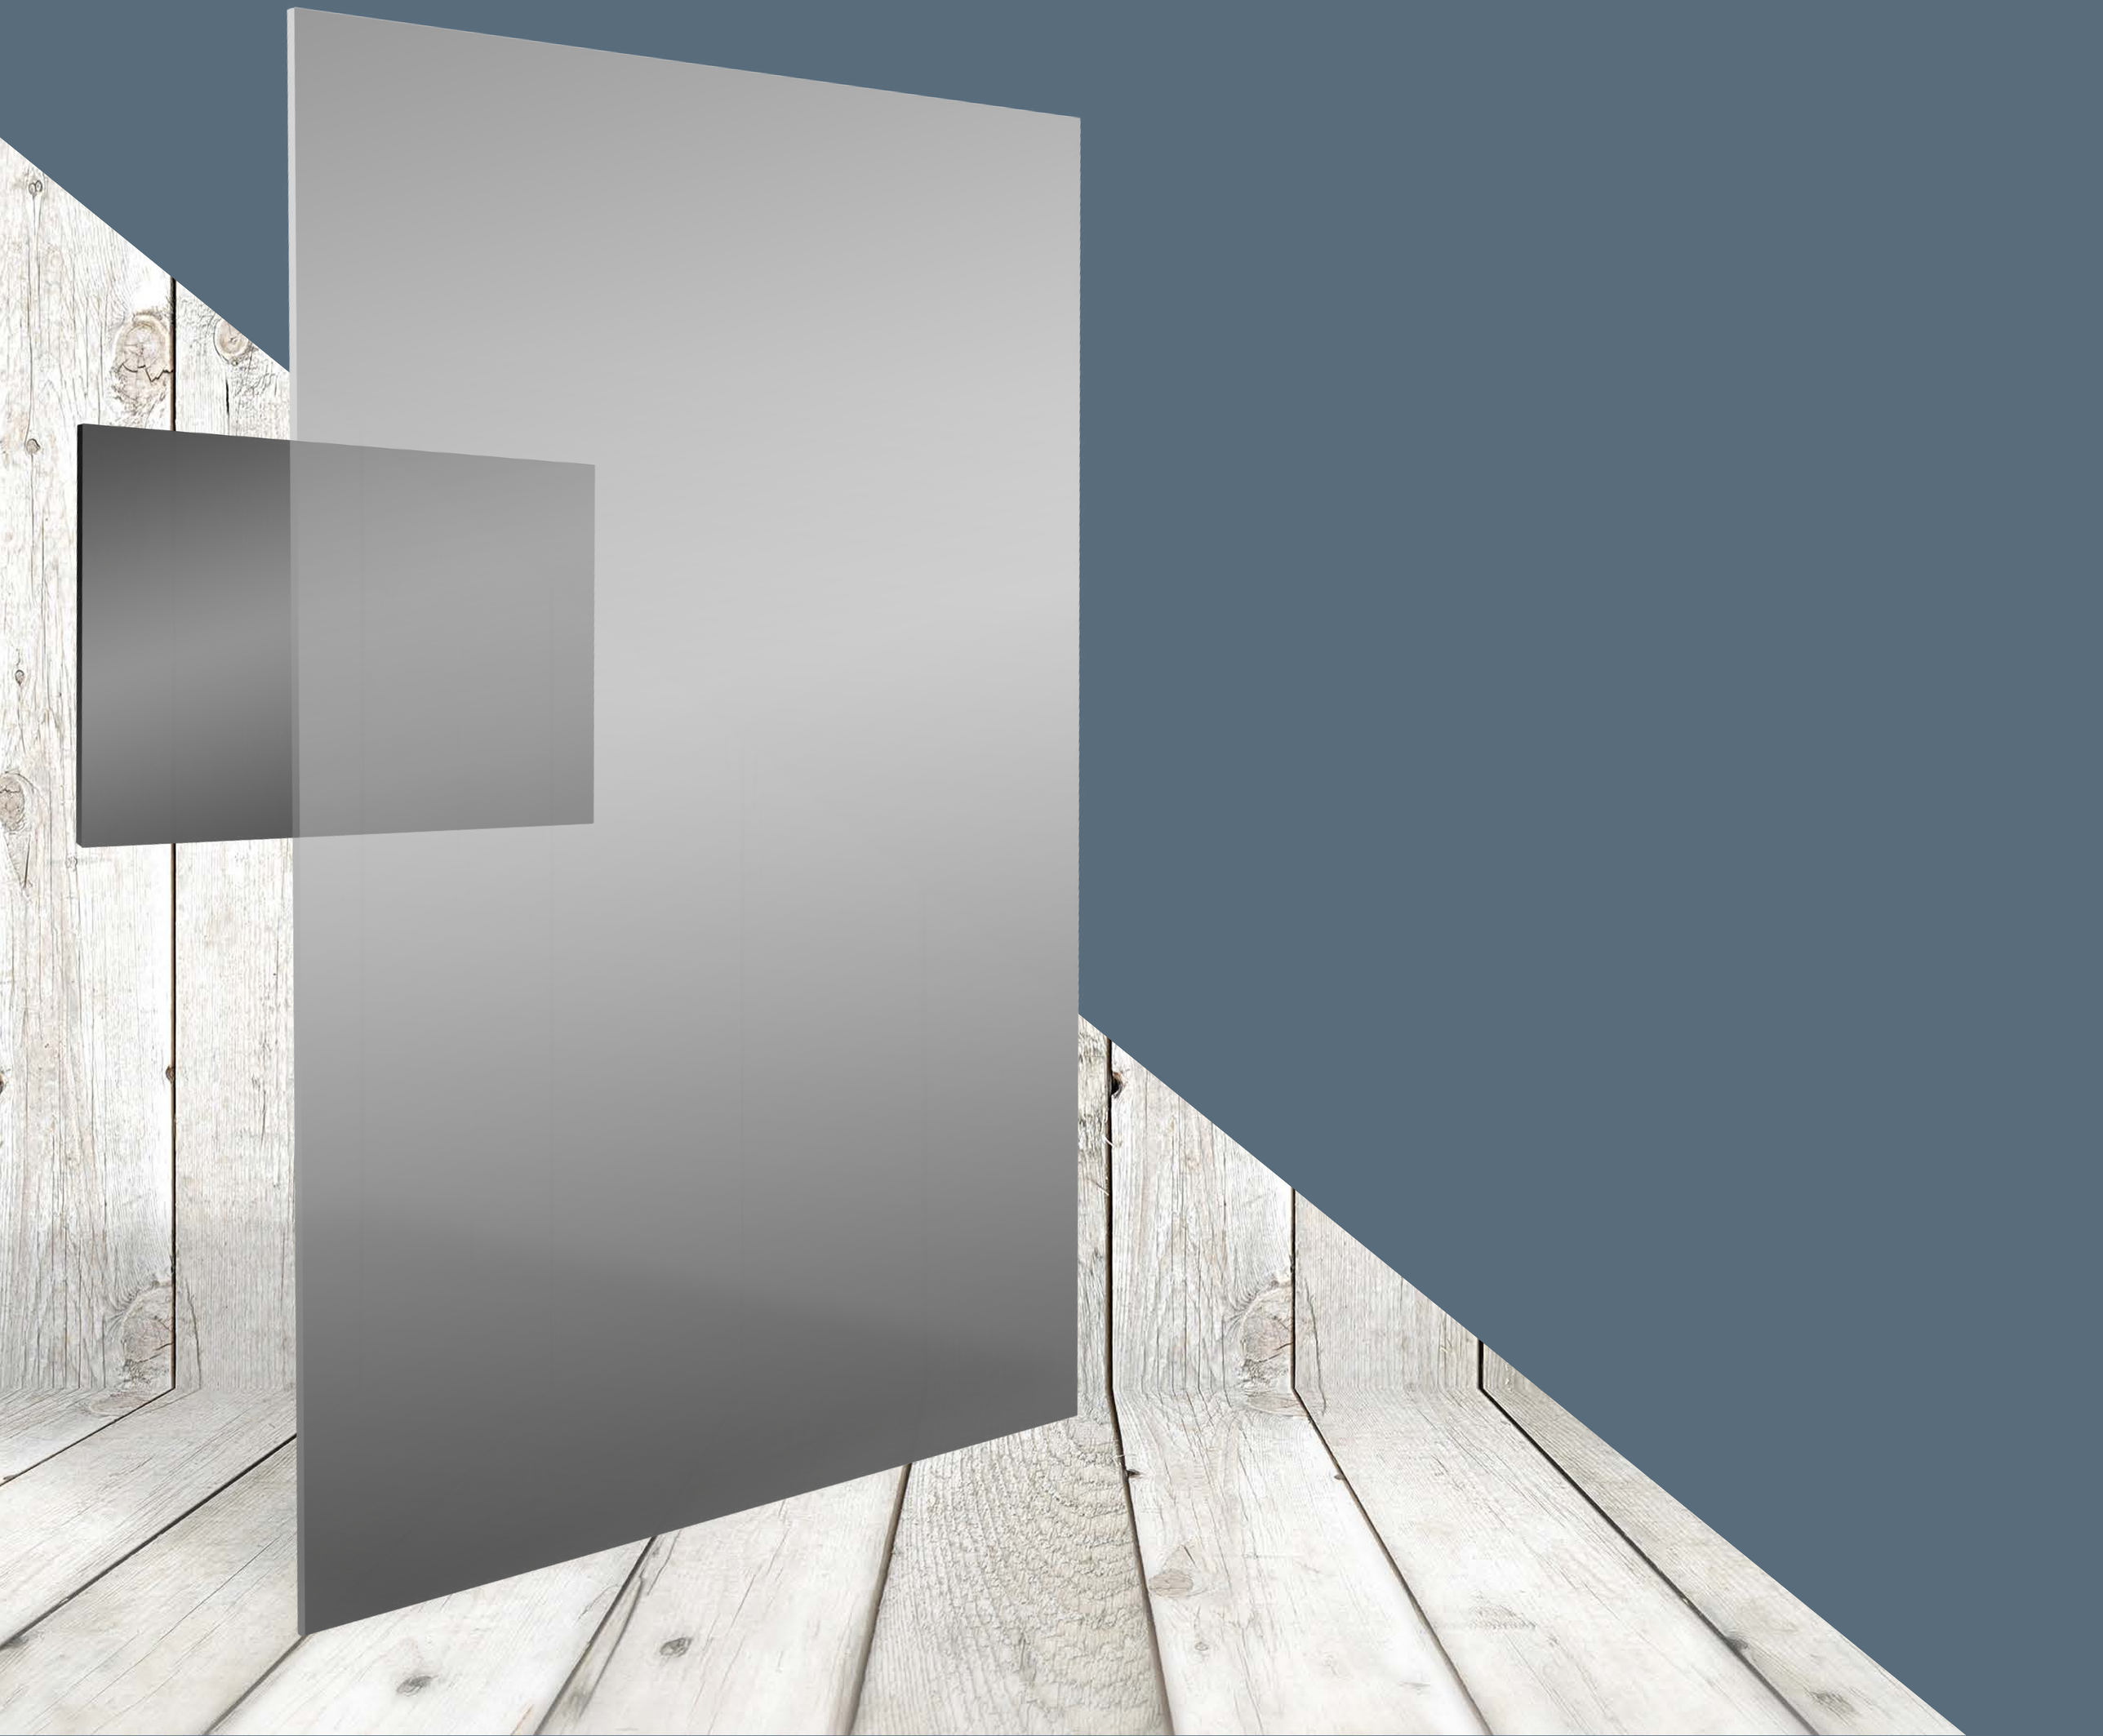
TAILOR MADE PRODUCTS

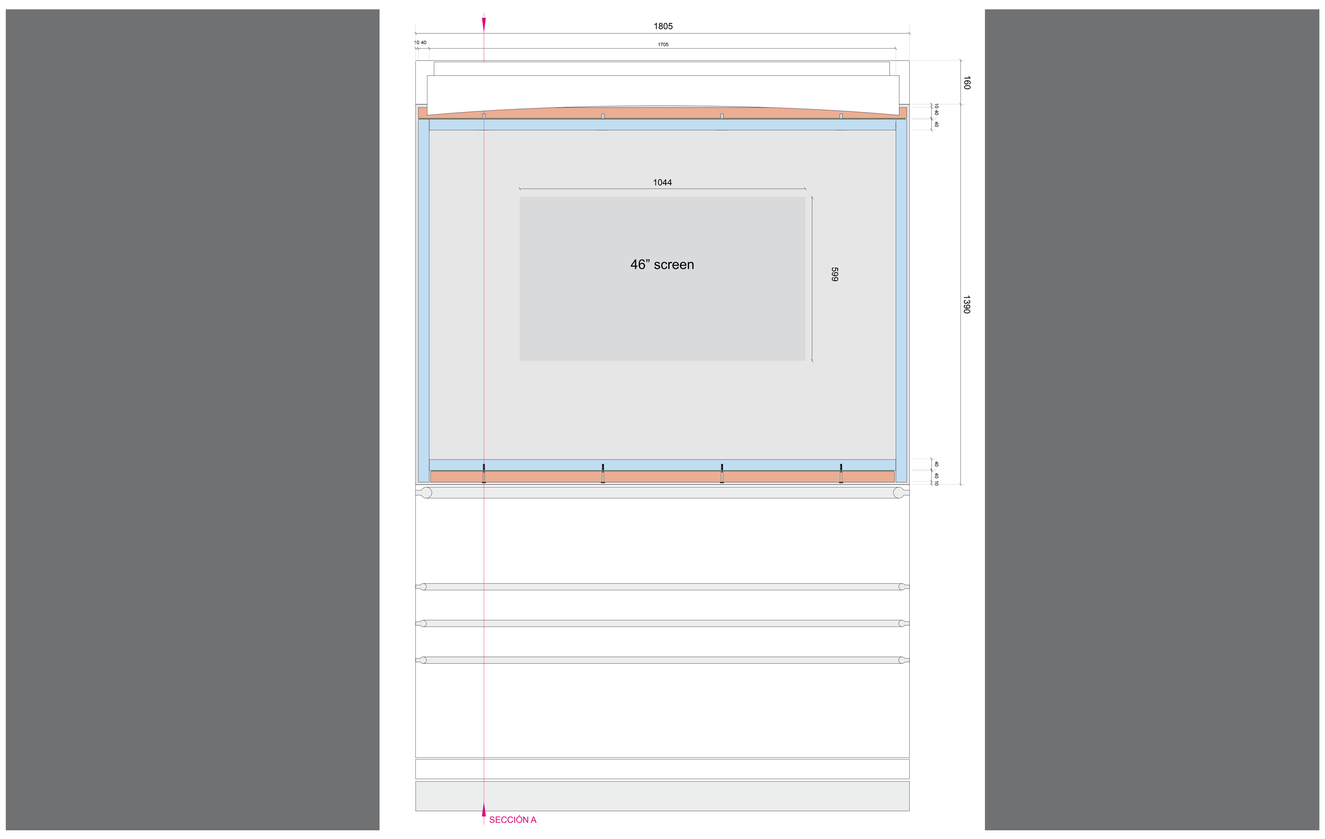


DIGITAL**MIRROR**

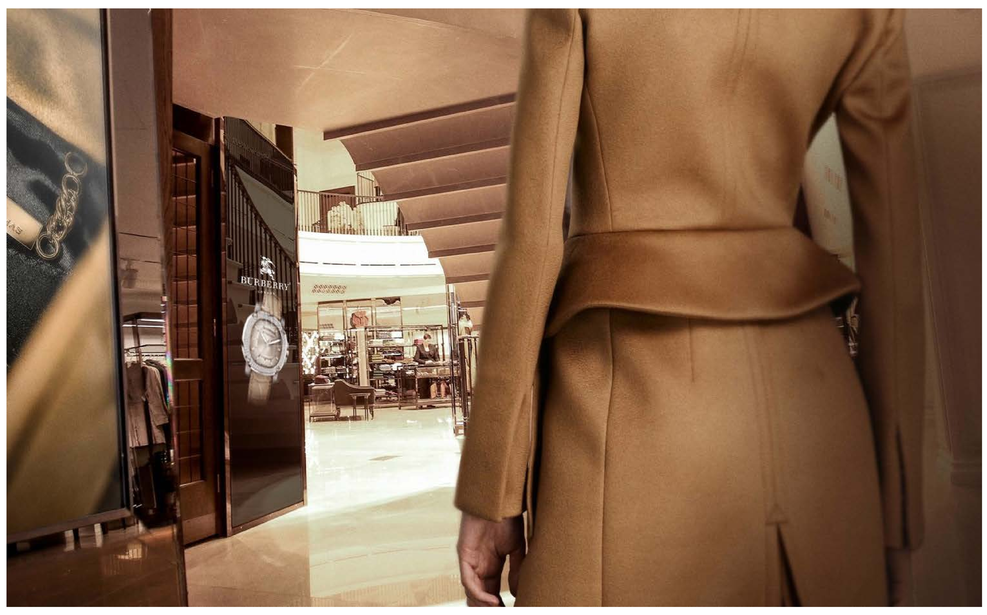
iFace is a product developed, patent-protected and trade marked by CloudCasting. The technology integrates high caliber screen technology engineered to work through iFace's reflective mirror surface.

iFace is designed for commercial, hospitality, various Points-of-Sale (POS) or even private environments, offering a perfect display to capture the attention of customers, shoppers, viewers, passers-by via displaying messages, promotion or other relevant content types. As manufacturers, we provide a solution to fit each requirement, whether standard size or custom made.

iFace is available with screens from 22 to 65 inches. iFace Digital MirrorsTM can be installed horizontally (landscape) or vertically (portrait) or combining several screens built into a single mirror structure. iFace truly caters to the most discerning requirements as well.

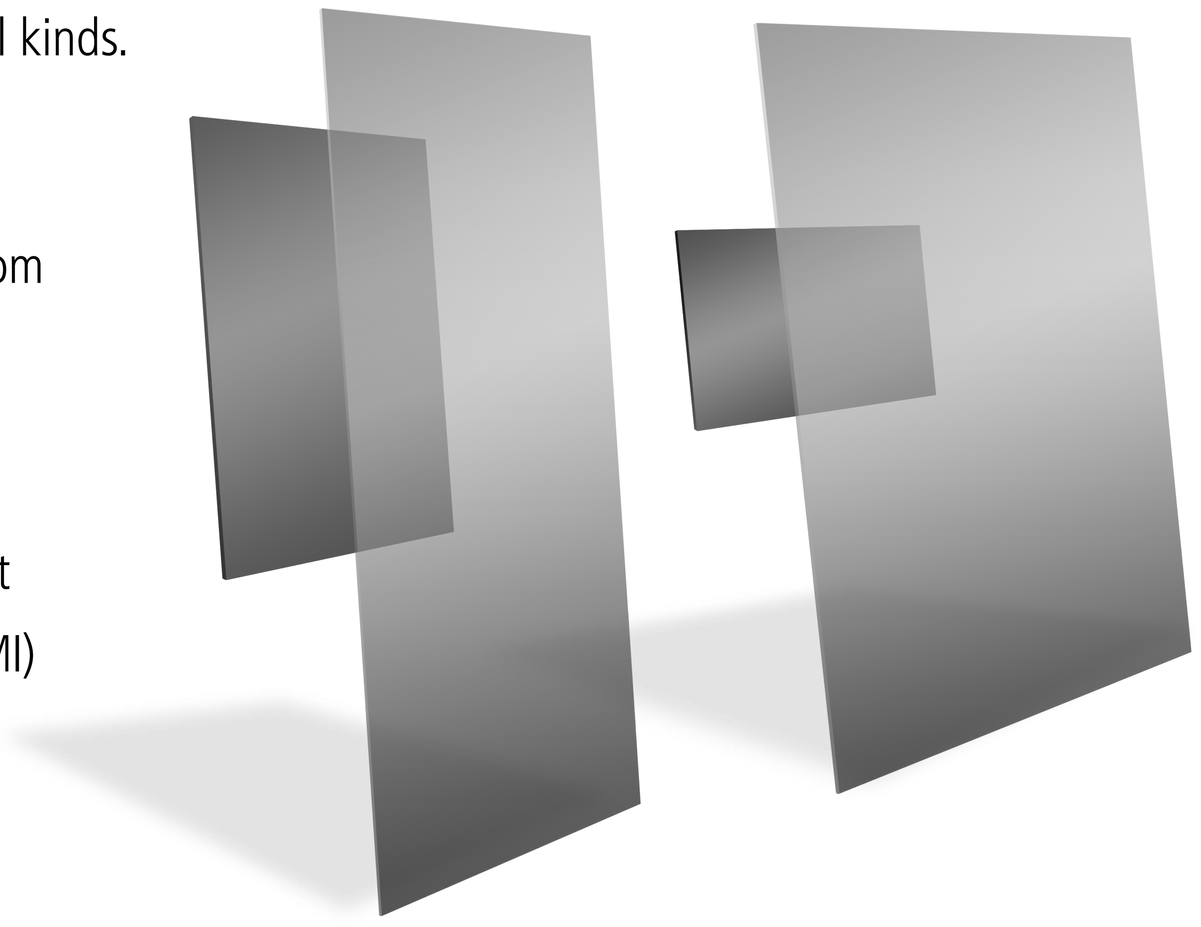


Elevator integration example.



iFace Custom Solutions

100% customizable
iFace is easy to integrate in most locations and spaces of all kinds.



The decisive factors to consider:

- ✓ Choose the size of the mirror surface - standard or custom
- ✓ Choose the size of the screen or screens
- ✓ Choose the optimal type of installation (flush fit, leaning, suspended, bracketed...)
- ✓ Choose right lighting condition - avoiding direct sunlight
- ✓ Choose the connectivity option (LAN, WIFI, 3/4G, USB, HDMI)
- ✓ Choose the content - and ready to go!

Create your own iFace:

In the following table, you can calculate an estimated cost of your tailor made iFace.

SIZE	Screen Dimensions	MIrror Size included	
iFace 32"	728 x 429 mm	900 x 600 mm	
iFace 42"	958 551 mm	1100 x 710 mm	
iFace 46"	1044 x 599 mm	1100 x 740 mm	
Standard 55"	1235 x 706 mm	1380 x 850 mm	
Standard 65"	1429 x 804 mm	1508 x 878 mm	
Additional MIrror Surface (m2)			

* Prices Ex-works, are valid except typographical error or changes according suppliers. Taxes not included.

We can create any shape in iFace Mirror. These are two examples:

* iFace Table

* iFace Oval
